## Press Release

PubliBike AG is now a subsidiary of Swiss Post

**PubliBike AG, the largest provider of bike sharing in Switzerland, is now a subsidiary of Swiss Post and is moving its headquarters from Fribourg to Bern.**

PostBus AG founded PubliBike in 2011 and was its parent company until the end of 2020.

Effective 1 January 2021, PubliBike AG is now a subsidiary of Swiss Post AG. Markus Bacher, of Bern, has been the Managing Director for the past year.

From January 2014, PubliBike AG offices were located on the Route des Arsenaux 15 in Fribourg. Since then, the company has grown: PubliBike has 33 employees and operates eight bike sharing networks throughout Switzerland, with 500 stations and 5000 bikes. PostBus' recent move within Bern has given PubliBike the opportunity to settle in the same building at Engehaldenstrasse 39, starting in February.
